Sponsor Opportunity

The 36th Annual Conference: 
**Groundwater Uncovered**

October 9 - 11, 2019 – Rock Creek Resort - Red Lodge, Montana

We invite you to support a community of nearly 200 scientists, natural resource managers, students, and guests at the Annual Montana AWRA conference.

The Montana Section of the AWRA was founded in 1984 and currently consists of professionals and students that share the common goal of promoting water resources research, planning, development, and education in Montana. To accomplish these goals, the AWRA hosts an annual meeting to provide a common meeting ground for physical, biological, and social scientists, engineers, and other persons concerned with water resources.

The following sponsoring levels are available:

- **Bronze Level**  
  ($300)  
  Your logo appears on our conference announcement materials, conference website, at the conference registration desk, in the conference proceedings, and on next year’s AWRA poster!

- **Silver Level**  
  ($500)  
  All of the Bronze Level Sponsor benefits, plus your company name and logo are affiliated with a conference break and sponsorship of the student awards!

- **Gold Level**  
  ($750 or more)  
  All of the Silver Level Sponsor benefits, plus one conference registration, and sponsor part of the poster session snacks and beverages!

- **Exhibitor**  
  ($1,000)  
  All the Gold Level Sponsor benefits, plus a display area approximately 12 ft wide x 6 ft deep will be provided to exhibit your products and services to conference attendees. The display does not need to be staffed as AWRA will ensure that breaks will occur as scheduled on the agenda.

We greatly appreciate your support of this conference!
